- She will design and deliver an in-depth talk based around your desired goals so that the focus is on exactly what you and your members need to know and want to learn.

PROGRAMS THAT WORK — AND LAST

Dr. Lina is happy to work with you after the program. Just give us a call if you want to "debrief." She'll recommend some steps you can take to make sure the program sticks and your objectives are achieved. This may include follow-ups by email or even free webinar support 30, 60, or 90 days after the live event. Dr. Lina does three things to reinforce your investment in your attendees once they're back in the real world...

Dr. Lina gives your people 60 days of free 1-on-1 consulting. Every page of her handouts includes Dr. Lina's office telephone number and email address. And she tells his audience at every program that they are welcome to contact her with any questions they might have on the material she has presented. Dr. Lina responds to their questions in a prompt and thorough fashion.

Dr. Lina makes her books and learning resources available to your members. When it comes to learning, nothing is more effective than spaced repetition. But you can rest assured Dr. Lina will not give any kind of "sales pitch." She'll simply make the materials available – or you can pre-purchase books for each participant.
